15th

FOUNDATION

Day

Notice

“To plant trees is to give body and life to one’s dream of a better world.”

To commemorate the completion of 15 years of foundation with unprecedented fanfare and to revisit and reconnect with the continuing journey of the school, our school is organizing a tree plantation drive for the students of classes IX and X in the school premises on April 16, 2022. Students should bring saplings/pots to be planted in and around the school campus.
