Olympiad Notice

**“A healthy competition is one which enables one to discover the own self.
We cannot be winners all the time but can always be the most competitive.”**

In an endeavour to identify the competitive spirit and innate potential of its learners, Bal Bharati Public School in association with SilverZone Olympiads Foundation, is re-initiating the idea of Olympiad conduction in an offline mode. Olympiads help to enhance analytical skills, logical reasoning and problem solving competence of the pupils.

To promote the idea of inclusive understanding of facts and concepts, the test will be conducted for classes VI - XII in the month of November and December, registration for which is open till August 10, 2022. The students are requested to enroll well in time to facilitate a hassle free process of registration.

All the interested students can enroll their names by submitting the consent form along with the fee amount (as per number of olympiads enrolled), to be deposited in cash, with their respective class in charges. No entries will be accepted after the last date of registration. The participation in the olympiads is as per student's discretion.

The books for the olympiad can be ordered online by the students using the given link: <https://www.silverzone.org/buybooks>

Principal, BBPS

SILVERZONE
