BAL BHARATI PUBLIC SCHOOL, LUDHIANA
{An Institution of Child Education Society(Regd.)} New Delhi

Bal Bharati Public Schools are comprehensive, co - educational English medium schools. Hindi enjoys its place of pride as the National Language in its curriculum.

Child Education Society, the apex body of Bal Bharati Public Schools and other institutions of higher education, was set up in the year 1944 during the Pre- independence when the elders thought that the Indian Culture, Heritage, Tradition and Ethos must be preserved and conserved and in order to achieve those objectives, it became obligatory for the Society to educate young people. Thus, the society was registered under the Societies Act, 1860.

Today, the affairs of the Society are managed by the board of management consisting of eminent educationists and social workers. In the recent years, the pace of expansion and development of new schools has greatly quickened, going up from just one school and one institution (NTTI) in 1984 to as many as 1 Play School, 1 Training Institution, 12 Core Schools, 1 Management Agreement School and 12 Project Schools in collaboration with the Indian Railways and National Thermal Power Corporation (NTPC). Presently, Mr. L. R. Channa is the President of the Society.

Each school is managed by a separate Managing Committee in accordance to the rules as prescribed by concerned State but is ultimately responsible to the apex body.

The Schools built by the society are set in congenial surroundings. They are housed in modern attractive buildings equipped with all requisite facilities, well stocked libraries, laboratories, computers, audio - visual equipment, facilities for creative arts, indoor and outdoor games and swimming pools (wherever possible).

Bal Bharati's educational philosophy is inspired by the maxim "आनोऽः ढुः ङुः ङुः", 'Let noble thoughts come to us from all sides.' It provides comprehensive education keeping in view the country's rich heritage and cultural background and opens opportunities for the development of different facets of the child's personality.

Besides academic excellence and intellectual development, the School endeavours to help each child discover and develop one's innate talents and abilities. It seeks to instil in the children proper habits, positive attitude and values such as truthfulness, unselfishness, self respect, self control, sense of duty, good manners, fair play, team spirit, dignity of labour, punctuality, compassion, freedom of mind and a rational and scientific approach.

Conscious effort is made to foster pride and love for the country and its great heritage and tradition of tolerance epitomized in the noble phrase "वसुधैव कुटुम्बकम्" 'The whole world is one family.'
